

RUIJIE REYEE PRICING & SPECIFICATIONS GUIDE

Commercial Reference Catalog — Kenya Distribution

This technical and pricing catalog presents the consolidated Ruijie Reyee router ecosystem. It tracks key hardware capabilities alongside finalized, localized pricing for simple commercial project budgeting and deployment planning.

1. Enterprise & Commercial Gateways (EG Series)

Metal-cased business gateways that offer multi-WAN load balancing, traffic shaping, captive portal customization, and integrated network controller options for managing downstream nodes.

Model	Physical Interfaces	Max Clients	Throughput	Selling Price (KSh)
RG-EG105G-V3	5 × 10/100/1000 Base-T	100	600 Mbps	KSh 8,500 – KSh 9,500
RG-EG105G-P-V3	5 × 10/100/1000 Base-T (4 PoE)	100	600 Mbps	KSh 10,500 – KSh 11,500
RG-EG105GW-X	5 × Gigabit (AX3000 Wi-Fi 6)	150	1.2 Gbps	KSh 17,800 – KSh 19,800
RG-EG210G-P	10 × Gigabit RJ45 (8 PoE)	200	600 Mbps	KSh 21,800 – KSh 23,800
RG-EG305GH-P-E	5 × 10/100/1000 Base-T (4 PoE)	350	1.5 Gbps	KSh 35,800 – KSh 39,800

2. Home, Smart-SOHO & Gaming Mesh Routers (EW Series)

High-performance mesh infrastructure utilizing the proprietary "Reyee Mesh" standard for single-click satellite configuration pairing, high multi-wall penetration, and seamless fast-roaming transitions.

Model	Wireless Standard	Physical Interfaces	Streams	Selling Price (KSh)
RG-EW1200	Wi-Fi 5 (802.11ac)	4 × 10/100 Fast Ethernet	4 Streams	KSh 3,750 – KSh 5,000
RG-EW1200G PRO	Wi-Fi 5 (802.11ac Wave 2)	4 × 10/100/1000 Base-T	4 Streams	KSh 6,500 – KSh 7,500
RG-EW1800GX PRO	Wi-Fi 6 (802.11ax)	4 × 10/100/1000 Base-T	4 Streams	KSh 10,000 – KSh 11,500
RG-EW3000GX PRO	Wi-Fi 6 (802.11ax)	4 × 10/100/1000 Base-T	4 Streams	KSh 12,000 – KSh 13,500
RG-EW3200GX PRO	Wi-Fi 6 (802.11ax)	4 × 10/100/1000 Base-T	4 Streams	KSh 13,700 – KSh 15,700

Model	Wireless Standard	Physical Interfaces	Streams	Selling Price (KSh)
RG-EW7200BE PRO	Wi-Fi 7 (802.11be)	5 × 2.5 Gbps Multi-Gig	4 × 4 MLO	KSh 25,800 – KSh 29,800

Integrated Cloud Ecosystem Utility

Every router in this catalog synchronizes seamlessly with the license-free **Ruijie Cloud Platform**. This facilitates immediate remote configuration, real-time live topology monitoring, interactive captive portals, voucher management systems, and multi-tenant isolation profiles without on-premise hardware requirements.
